

## Setlist/Repertoire

I am currently able to offer a stage program of appr. 30 to 45 minutes (max. 12-14 songs). The genre is "Acoustic Fingerstyle Guitar" (Solo) and includes mainly the songs from my debut album *Don't push the River*. As the repertoire is changing slowly but steadily, I reserve the right to integrate new compositions/arrangements into the live program from time to time. However, in the course of smaller time slots or if a certain number of songs have been agreed, it is possible to take song requests for the setlist into consideration. The fee can be negotiated individually depending on the desired playing time/number of songs. Write to me in good time in advance at [info@henningsiekmann.com](mailto:info@henningsiekmann.com).

I'm looking forward to the gig!

With best regards,

  
Henning Siekmann
